Sustainable Photo Satin

220 gsm · 100% α -cellulose · bright white · satin-finish

Celebrate the season of giving with Hahnemühle Sustainable Photo Satin, the perfect eco-friendly choice for all your holiday photo printing needs! This innovative photo paper offers a sustainable alternative to traditional PE-based (Polyethylene) inkjet photo papers, making it also a gift to the environment. Featuring a newly developed bio inkjet coating, it's free from plastic composites and films and 100 % recyclable through the wastepaper cycle. With its bright white tone and velvety smooth surface, this photo paper is perfect for printing holiday memories, seasonal posters, and more—all while supporting sustainability. Make this season a little greener and your prints even more beautiful with Hahnemühle.

Agave

290 gsm · 70% agave fibre · 30% cotton · white

Hahnemühle Agave augments the Natural Line with a FineArt inkjet paper that is produced using agave fibres. 70% of this unique, environmentally friendly FineArt inkjet paper is made from sisal fibres. The base material stands out with its bright white natural tone and does not contain optical brighteners. The rough, yet delicately defined surface texture gives the subject a captivating sense of depth and impresses with a pleasant, soft feel. The matt premium inkjet coating guarantees outstanding print results with excellent reproduction of colour and detail, deep black and optimum contrasts. Hahnemühle Agave is acid- and lignin-free and meets the most exacting requirements in terms of age resistance. The combination of unique raw fibre materials, bright white natural tone, balanced surface texture and the customary high print quality makes it an exclusive, versatile FineArt inkjet paper.

NATURAL LINE

Sugar Cane

300 gsm · 70% sugar cane fibres · 30% cotton · natural white

Hahnemühle Sugar Cane extends the Natural Line with a FineArt inkjet paper made from a rapidly renewable natural raw material – sugar cane. 70% of this environmentally friendly FineArt inkjet paper consist of bagasse fibres, a by-product of sugar cane processing. The natural white, warm-toned sugar cane paper does not contain optical brighteners, and features a unique, clearly defined felt structure and tactile feel. The matt premium inkjet coating delivers excellent print results with defined reproduction of colour and detail, particularly for warm hues and monochrome prints. Hahnemühle Sugar Cane is acid- and lignin-free and meets the most stringent requirements in terms of age resistance. The unique combination of sustainable sugar cane fibres, clearly defined surface texture and impressive print quality gives the artwork outstanding expressiveness and soul.

Torchon

285 gsm · 100% α -cellulose · bright white

Hahnemühle Torchon is a cellulose-based FineArt inkjet paper with an inkjet coating specially tailored for FineArt applications. The bright white art paper has a clear, coarsely structured felt mark and is characterised by a very special tactile feel. The unique surface structure blends with the images and lends them an impressive three-dimensional effect and sense of depth. The premium matt inkjet coating produces outstanding print results, with bright colours, perfect reproduction of detail and deep black. The acid- and lignin-free Torchon paper meets the most exacting requirements for age resistance and is specially designed for FineArt use.

Photo Rag® Bright White

310 gsm · 100% cotton · bright white

Hahnemühle Photo Rag® Bright White is a bright white cotton art paper with an inkjet coating specially tailored for FineArt printing. The lightly defined felt structure and characteristic soft Photo Rag® feel gives every FineArt print an incredible depth and three-dimensional appearance. Combined with the matt premium inkjet coating, this produces impressive FineArt prints boasting vivid colours, deep blacks and extraordinary reproduction of detail. The bright white of the paper also creates particularly brilliant results for high contrast images. The acid- and lignin-free Photo Rag® Bright White meets the most exacting requirements for age resistance and is perfect for reproducing FineArt photographs and works of art.
